Pentagon Deputy Gets Railway Job

From the Herald Tribune Bureau

WASHINGTON.

Nils A. Lennartson has resigned as Deputy Assistant Secretary of Defense for Public Affairs to become president of the Railway Progress Institute, that organization announced yesterday.

A veteran of 16 years of government public relations work, Mr. Lennartson remained relatively anonymous and unscathed, although the Pentagon's information policies during his four years there have been the subject of bitter controversy.

Mr. Lennartson's boss, Assistant Secretary Arthur Sylvester, absorbed most of the punishment while the deputy worked quietly in the background.
